EDUCATION

Universidad Tecnológica de Torreón Torreón, Coahuila, México
B.S. in Software Development (In Progress) Expected 2026

- **Relevant Coursework:** Software Architecture, Database Design, DevOps, Embedded Systems & IoT, Cybersecurity, Agile/Scrum, Mobile Development.

PROFESSIONAL EXPERIENCE

ABASA Remote
Junior Full Stack Developer Nov 2025 – Mar 2026

- Contributed to an enterprise ERP platform serving HR, asset tracking, and automated fiscal workflows; helped integrate SAT/CFDI 4.0 timbrado with PAC providers (Finkok, SW Sapien).
- Built LLM-powered features using Claude AI and OpenAI with RAG pipelines over legal and fiscal document repositories, enabling compliance teams to query internal materials in natural language.
- Implemented payment reconciliation flows with Stripe and OpenPay; containerized services with Docker for consistent deployments across environments.

Solvex Management Solutions Torreón, Coahuila
Junior Software Developer Mar 2025 – Sep 2025

- Shipped e-commerce platforms and landing pages in Next.js, Angular, Node.js, and PHP; integrated Stripe and PayPal checkout flows for multiple business clients.
- Deployed AI-driven customer-support chatbots that reduced manual response load on client operations teams.
- Managed hosting, CI/CD pipelines, and SSL certificates across AWS and DigitalOcean environments.

TecnoMty Torreón, Coahuila
Backend & Mobile Developer (Assistant) May 2024 – Feb 2025

- Maintained TypeScript / AdonisJS 5 backend services across production endpoints, ensuring API stability and consistent performance.
- Built a cross-platform MMA mobile application with React Native and Expo Go, released on iOS and Android.
- Contributed to sprint planning, code reviews, and on-time feature delivery within an Agile team.

TECHNICAL PROJECTS

ABASA ERP Dashboard 2025 – Present
Full Stack Developer & AI Integrations · Astro, TypeScript, Claude AI, OpenAI, Python, Docker

- Enterprise ERP dashboard with embedded AI copilots for HR and asset workflows; SAT/CFDI 4.0 timbrado via PAC (Finkok, SW Sapien); RAG search over fiscal and legal records; Stripe/OpenPay reconciliation on Dockerized cloud deployment.

Clinicore — Multi-Platform Clinic Management Jan 2025 – Apr 2025
Team Lead & Scrum Master · Laravel, AdonisJS, React, Swift, ESP32, DigitalOcean

- Led a 6-engineer team delivering a REST API, three independent microservices (relational + NoSQL), a Tauri desktop app, a Swift iOS app, and ESP32 biometric sensors (weight, height, temperature).
- Deployed on DigitalOcean with Nginx, PM2, SSL, and CI/CD; owned server management, cybersecurity, and DevOps.

SmartTrack — HackMTY 2025 (GateGroup Challenge) 2025
Full Stack Developer · Laravel, Angular, Gemini AI, PWA, Service Workers

- Led development of an intelligent logistics PWA for airline trolley management at Mexico's largest hackathon; built Gemini AI agents that auto-generate checklists and validate inventory in real time from flight order data.

FiscalAnalytics — Invoice Intelligence Dashboard 2025

Backend & Data Developer · Python, Django, Flask, Pandas, PostgreSQL

- Built an analytics dashboard that ingests CFDI 4.0 invoice datasets and produces revenue, tax, and client-trend reports; used Pandas for data processing, Django REST for API delivery, and Flask microservices for scheduled ingestion jobs.

PokeUp Trainer Oct 2025 – Dec 2025

Mobile PWA Developer · Ionic React, Service Workers, TypeScript, QR Codes

- Offline-first Progressive Web App for Pokémon trainers with QR-code capture, team management (6 active + box storage), trainer profile with role system, and full Pokémon history with stats; native-like mobile UX.

FitTrack — Native Mobile Fitness App 2024

Mobile Developer · Kotlin (Jetpack Compose, Android Studio), SwiftUI (iOS), Firebase

- Built a native Android client in Kotlin/Jetpack Compose and a native iOS client in SwiftUI for workout tracking, nutrition logging, and progress analytics; shared Firebase backend with real-time sync between devices.

Medical Appointments iOS App — Integrative Project 2 Feb 2024 – Apr 2024

iOS Mobile Developer · Swift, SwiftUI, UIKit, REST API

- Native iOS application for medical appointment management with REST backend integration; registration and authentication, consultation scheduling, and patient information visualization.

Pixel Adventure 2D November 2025

Game Developer · Unity, C#, .NET, 2D Animation

- 2D platformer with five progressive levels, heart-based health system, life-timer mechanic, enemy AI, and custom platform challenges; focus on level design and game feel.

Battle OS Sep 2025 – Dec 2025

Game Developer & Team Lead · Unity, C#, Linux

- Educational 2D battle game where players defeat enemies using real Linux CLI commands, teaching Operating Systems concepts through interactive gameplay; integrative project delivered under Scrum methodology.

Encrypted Messaging Game Sep 2024 – Dec 2024

Backend Developer & DevOps · AdonisJS, TypeScript, Socket.IO, Unity, WebSockets

- Real-time end-to-end encrypted messaging backend integrated with a Unity multiplayer client; owned server infrastructure, secure authentication, and security configuration.

TECHNICAL SKILLS

Languages: TypeScript, JavaScript, Python, C#, Swift, Kotlin, PHP, SQL.

Frontend: React, Next.js, Astro, Angular, Tailwind CSS, HTML5/CSS3.

Backend: Laravel, AdonisJS, Django, Flask, Node.js, Express.

Mobile: React Native, Expo Go, Ionic React, SwiftUI / UIKit (iOS), Kotlin / Jetpack Compose (Android Studio).

Data & AI: Pandas, Claude AI, OpenAI, LangChain, Gemini AI, RAG pipelines.

Integrations: SAT/CFDI 4.0 (Finkok, SW Sapien), Stripe, OpenPay, PayPal.

Databases: MySQL, PostgreSQL, MongoDB, MariaDB, SQLite.

DevOps: Docker, AWS, DigitalOcean, Nginx, PM2, Rocky Linux, Ubuntu, SSL/TLS, CI/CD.

Tools & Methods: Git, GitHub, Scrum, REST APIs, WebSockets, Socket.IO, Unity Engine.

CERTIFICATIONS & LANGUAGES

Certifications: Scrum Master · Cybersecurity Fundamentals · Cloud Computing · Database Design.

Languages: Spanish (Native) · English (Professional Working Proficiency — reading, writing, technical communication) · French (Elementary, A1).
